- original Four Thieves Oils®
- fragrance mist
- gel for use on the chest and back
- iodine-bromine salt

FOUR THIEVES OILS®

UNIQUE COMPOSITION

FOUR THIEVES OILS® EFFICACY, QUALITY, ESTEEM

The only aromatherapy product on the market granted the 'Quality and Innovation' designation by the Medical University of Łódź.

Research by the Department of Microbiology and Experimental Immunology of the Medical University of Łódź confirmed that Four Thieves Oils® has aromatherapeutic properties (antibacterial, antifungal and antiviral).*

* Opinion on the properties of Four Thieves Oils® by Optima Natura Sp. z o.o., Department of Microbiology and Experimental Immunology of the Medical University of Łódź, 10 May 2023.

RESEARCH-PROVEN EFFECTIVENESS

A great opportunity for Four Thieves Oils®:

- Certificate and scientific opinion for use in marketing communication
- 'Quality and Innovation' designation awarded by the Medical University of Łódź to be included on the packaging and all advertising materials for the entire line

100% natural oils are valued by both the pharmaceutical and cosmetic industry. They are particularly treasured for their abundance in vitamins.

OILS&THERAPY line:

- Perfect for any type of skin (including dry skin, skin prone to stretchmarks, scarring, or discolourations, as well as tattooed skin)
- Facial and body massage
- To be added to bathwater

OILS&THERAPY NATURAL CARE

100% natural iodine-bromine salts derived from original Bochnia salt:

- Bathing
- Exfoliating massage
